

Pretty Wild: The Most Honest Diary About Men, Women and Sex You'll Ever Read

In the most honest diary about men, women and sex you will ever read, Anvar Khan tackles the subjects that dare not speak their name at polite dinner parties. Pretty Wild is the real deal. The diary charts sexual encounters, throwing up (as the author often has), the problems that face men and women when they get together to have sex or fall in love. All human sexual habits, desires and fetishes, all manner of odd incidents and sharp insights mark this book out as the most realistic examination ever of what people have in their heads and then do in their beds. From The Great Lie About How Many Men Women Really Sleep With to the serious issue of Whether To Have Anal Sex With A Stranger Or Not, That Is The Question, Anvar Khan milks the sexual cow for all its worth. Neither men nor women are safe from Anvar's wit and real life experience. Shell give you advice about the men women use for sex and the men they marry and how you can differentiate between the two. And shell explain why any self-respecting woman or, indeed, any gay man could never end up with a man who has a small penis. Award-winning journalist and broadcaster Anvar Khan knows everything there is to know about being a girl about town and then becoming the talk of it. Now you can read all about what shes done and see what shes learned from it.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
