

Your Trademarks in Design: A way of developing business by creating logos

Your Trademarks in Design Evolution of a progressing society differs between countries, one nation prefers differently from another by its nature. A company has ambition to expand its market, its commodities should be classified by country and style with a subsidiary trademark to its original one. Modernizing your trademark in design will create a system to increase sales. A way of developing business by creating more brands__ Your Trademarks in Design This is a reference book; a reader may use one of created designs to be modified and added a name to it to build a trademark of your own. Develop your business in a project in commodities to be classified by brands: 1. Brand a: representing as best quality. 2. Brand b: representing as standard quality. 3. Brand c: representing as cheap quality and cheap pricing. 4. Brand d: representing as domestic traditional nature. 5. Brand e: representing as international preference. 6. Brand f: representing a specific commodity in a marketplace of America, Europe, Asia or other. 7. Brand g: representing a specific commodity in a country or group of countries. 8. Brand h: representing any preferable one(s).

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
