

Bears: A Fascinating Book Containing Bear Facts, Trivia, Images & Memory Recall Quiz: Suitable for Adults & Children (Matthew Harper)

Hi and a very warm welcome to Bears. A Fascinating Book Containing Bear Facts, Trivia, Images & Memory Recall Quiz: Suitable for Adults & Children. Im one of those people who loves to hear about extraordinary facts or trivia about anything. They seem to be one of the few things my memory can actually recall. Im not sure if its to do with the shock or the WoW factor but for some reason my brain seems to store it for a later date. Ive always been a great believer in that whatever the subject, if a good teacher can inspire you and hold your attention, then youll learn! Now Im not a teacher but the system Ive used in previous publications on Amazon seems to work well, particularly with children. This edition includes a selection of those WoW facts combined with some pretty awesome pictures, if I say so myself! At the end there is a short True or False quiz to check memory recall and to help cement some of the information included in the book. Dont worry though, its a bit of fun but at the same time, it helps to check understanding. If youre an expert on this subject then its unlikely you will find anything new here but if, like me, you enjoy learning unusual facts with interesting pictures then I think youll love it. Let me know what you think using the Customer Review Page section. Feedback is crucial to any author but please remember that I do have feelings. Enjoy the show! Matt.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
