

Bug and Bear

Bear just isn't in the mood to play with Bug. She lumbers off to her cave for a nap but Bug buzzes after her as he thinks they are playing chase! Bad-tempered Bear gets increasingly huffy and decides to hide from Bug instead. Of course Bug finds her and thinks it's an invitation to play hide-and-seek. And so it goes on. Each time Bear tries to shake off Bug, Bug - in his enthusiasm to play - gets the wrong end of the stick, and so each time adds to Bear's exasperation. Then Bear snaps. She tells Bug to go away and finally she gets to have her nap. But Bear feels bad for being mean so she comes back out of her cave to look for Bug and finds him floating and forlorn on a water-lily pad. Bear wades out into the lake and brings Bug back to the shore. I am sorry, Bug. You are my very best friend. Would you like to play now? said Bear. I'm too tired to play, said Bug, shaking the water from his wings. I think I'd like to have a nap. And so they do. Together. A story that celebrates the resilience of real friendship - this is an important and reassuring truth for children to know from the earliest age.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
