

Casino Financial Controls: Tracking the Flow of Money

Every manager and supervisor must be financially literate in order to advance their career in casino management. Managing expenses, a key aspect of performance reviews for managers, relies heavily on the ability to read financial statements. Since there is cash and cash equivalents moving around the casino facility like in no other business, the need for financial literacy is critical in the casino industry. Money exchanges hands at gaming tables and at the cage. Employees assume responsibility for banks and chip racks worth thousands of dollars. Extending credit and issuing comps have a material effect on the profitability of casinos. Money is everywhere and controls must be in place to avoid theft and embezzlement. Incredibly easy-to-understand, *Casino Financial Controls: Tracking the Flow of Money* gives solid explanations of accounting principles as well as examples of accounting entries. Examples of procedural controls and the reasons for each control are also included and explained in pragmatic terms. The criteria for extending credit or issuing comps are used to avoid serious damage to the bottom line. In addition, pictures and illustrations are included to help the reader to better visualize the reality behind the words.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo. 2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
