

Cultivating Democracy: Civic Environments and Political Socialization in America

Scholars across several social science disciplines have indicated that the behavior described by the term civic engagement is girded by a set of attitudes that show knowledge about, and positive evaluations of, government and politics. Drawing on extensive interviews with high school students from a variety of socioeconomic backgrounds, *Cultivating Democracy* examines the sources of those attitudes, including individual characteristics, and the qualities of local environments that shape the experiences of late adolescence. The authors gathered data on adolescent attitudes by interviewing students in a wide variety of locations, from Baltimore's inner city and suburbs to the most affluent communities in Montgomery County, Maryland. Focusing initially on attitudes toward ethnic diversity and immigration, the authors expanded their focus to the political socialization of young people, including patriotism and political knowledge and participation. The authors demonstrate how political socialization is shaped through the social messages presented to citizens by others. According to Gimpel, Lay, and Schuknecht, while formal education as a means of socializing youth is critically important, other useful means for communicating positive socializing messages, through political parties, elections, and the media, have been ignored. They recommend compensatory strategies to promote civic engagement among those who are at risk to be nonparticipants.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
