

Enron: The Rise and Fall

Id say you were a carnival barker, except that wouldnt be fair tocarnival barkers. A carnie will at least tell you up front that hes running a shell game. You, Mr. Lay, were running what purported to be the seventh largest corporation in America.-Senator Peter Fitzgerald (R-IL) to Enron CEO Kenneth Lay, Senate Commerce Science & Transportations Subcommittee, Hearing on Enron, 2/12/02 The speed of Enrons rise and fall is truly astonishing and perhaps the single most important story of corporate failure in the twenty-first century. In Enron investigative journalist Loren Fox promises readers nothing short of the most compelling and insightful investigation into Enrons meteoric ascent-regarded by Wall Street and the media as the epitome of innovation-and its spectacular fall from grace. In a lively and authoritative manner, Fox discusses how the biggest corporate bankruptcy in American business history happened, why for so long no one (except for an enlightened few) saw it coming, and what its impact will be on financial markets, the U.S. economy, U.S. energy policy, and the public for years to come. With access to many company insiders, Foxs intriguing account of this corporate debacle also provides an overview of the corporate culture and business model that led to Enrons high-flying success and disastrous failure. The story of Enron is one that will reverberate in global financial and energy markets as well as in criminal and civil courts for years to come. Rife with all the elements of a classic thriller-scandal, dishonest accounting, personal greed, questionable campaign contributions, suicide-Enron captures the essence of a company that went too far too fast.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
