

Dealing With Temperamental Kids: Anger Management for Kids to Understand Their Feelings (Rage & Control)

Life with a temperamental child can be difficult but as well as that, it can also be very isolating. When our children act out and do not display the accepted behaviors of society we can find ourselves being left out of group activities, neglected by friends and family and reluctant to even leave the house for fear of what our child may do next. This book is designed to help you to face your temperamental child's problems head on and hopefully work through them to a point where you no longer feel this way. *Dealing With Temperamental Kids: Anger Management for Kids to Understand Their Feelings* covers everything you need to know about understanding the temperamental child and working with them through their anger. Anger management can be a daunting prospect, particularly for a child, but this book takes things slowly with step by step approaches that will help your child come to terms with their emotions. As you journey through *Dealing With Temperamental Kids: Anger Management for Kids to Understand Their Feelings* you will learn about the what defines a temperamental child, how you can help your temperamental child with your own reactions to their behavior and how you can help your child to help themselves. Here is a preview of what you will learn from this book: Helping your child to develop social skills. Understanding your position as a role model. How to give consequences. Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra

segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
