

Footprints Along the Shore of an Incoming Tide: Impressions of a Fellow Traveler

In the tradition of the poet mystics of the East, *Footprints Along the Shore of an Incoming Tide: Impressions of a Fellow Traveler* is a collection of thirty-eight reflections and inspirations of the author from his many viewpoints since 1987 as tarot reader, lover, father, screen writer, devotee, artist, Waldorf teacher, traveler and dreamer. These writings are an expression of the timeless truth ever known by Sages of all ages that there is only God, and you are That which you seek. They are writings for this time that we live in a time of incredible opportunity for spiritual awakening. **TOTALLY BEAUTIFUL AND INSPIRING!** I just love this book. I love the artwork on the cover and every word within. What spirited high consciousness! In one breath, this work lifted me up and at the same time kept me down to earth. I love how his writing combines opposites and how his beautiful wisdom comes through and often caught me unaware. This is a book to refer to time and time again. --Gloria Wendroff, author
Its often hard to put into words ones relationship with self and God and our reason for being. The longing for love and the moments of pure grace that fill our hearts, with the simplest of joys that remind us of the unjourneying I need to take in order to feel God in my being. This book evoked a deep sense of gratitude the words and images it created, short stories and poetry stirred my heart with an understanding of our deepest yearning. Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra

segunda cima del día.

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
