

Gifted Tongues: High School Debate and Adolescent Culture (Princeton Studies in Cultural Sociology)

Learning to argue and persuade in a highly competitive environment is only one aspect of life on a high-school debate team. Teenage debaters also participate in a distinct cultural world--complete with its own jargon and status system--in which they must negotiate complicated relationships with teammates, competitors, coaches, and parents as well as classmates outside the debating circuit. In *Gifted Tongues*, Gary Alan Fine offers a rich description of this world as a testing ground for both intellectual and emotional development, while seeking to understand adolescents as social actors. Considering the benefits and drawbacks of the debating experience, he also recommends ways of reshaping programs so that more high schools can use them to boost academic performance and foster specific skills in citizenship. Fine analyzes the training of debaters in rapid-fire speech, rules of logical argumentation, and the strategic use of evidence, and how this training instills the core values of such American institutions as law and politics. Debates, however, sometimes veer quickly from fine displays of logic to acts of immaturity--a reflection of the tensions experienced by young people learning to think as adults. Fine contributes to our understanding of teenage years by encouraging us not to view them as a distinct stage of development but rather a time in which young people draw from a toolkit of both childlike and adult behaviors. A well-designed debate program, he concludes, nurtures the intellect while providing a setting in which teens learn to make better behavioral choices, ones that will shape relationships in their personal, professional, and civic lives.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
