

The Year of Jubilee (Apokalypso Book 2)

The Year of Jubilee is a synthesis of mysticism, metaphysics and quantum physics. Drawing upon the insights of the Zohar, William Blake, Carl Jung and Teilhard de Chardin, as well as the lyrics of Bob Dylan, we seek to chart a path through Time into Eternity. When Einstein gave us a continuum of Space and Time, he pointed us in the direction of the next step up the great Ladder of Consciousness. He pointed us in the direction the Olam, a continuum of Space/Time and Eternity. Our compass in this visionary journey is the Kabbalah. The Kabbalah resembles a metaphysical toolbox, providing us with the implements with which each of us can construct for ourselves a spiritual edifice from the words of sacred Writ. The purpose of this edifice is to attract the Divine Presence, the Shekhinah. The Shekhinah is the aspect of Elohim the feminine side of the Godhead that becomes manifest in Space/Time. Only through intimate communion with Shekhinah can the Soul embrace its true transcendent identity.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
