

## The Master and the Disciple

...it is a very special, rare thing to find a genuine representative of spirituality nowadays. This is what we feel in the presence of Sri Chinmoy authenticity. Pir Vilayat Inayat-Khan Head of the Sufi Order in the West What is a guru? There are running gurus, diet gurus and even stock-market gurus. But to those in search of spiritual enlightenment, the guru is not merely an expert he is the way to their self-realisation. Sri Chinmoy says in this definitive book on the guru-disciple relationship: The most important thing a spiritual Master does for his spiritual children is to make them consciously aware of something vast and infinite within themselves, which is nothing other than God Himself. This book offers answers to the following questions and much more. How do you find a guru? How do you tell a real spiritual Master from a false one? How do you know if a spiritual Master is meant to be your guru? How can you recognize a God-realized Teacher? Do you really need a guru to make spiritual progress? What is spiritual initiation? What does it mean when your guru takes on your karma? What can you expect from your guru? How can you make the most spiritual progress while under the guidance of a Master?

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22\_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22\_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122\_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22\_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122\_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122\_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
