

Insatiable: A Memoir of Love Addiction

In her professional life, Shary Hauer was a confident, successful, high-caliber executive coach who advised big-time corporate leaders around the globe?but her personal life was an entirely different matter. When it came to love, she was insecure, clingy, desperate, willing to do anything and everything to win and keep a man. Because without a man by her side, what good was she?In *Insatiable*, Hauer fearlessly chronicles her emotional journey from despair to hope, rejection to redemption, and self-hate to self-love, one man at a time. In candid detail, she relates what it is like to be trapped in the torturous cycle of love addiction?what its like to be forever searching, needing, obsessing, scheming, and agonizing for love, suffering from a hunger that never ceases?and what it takes to break free of that cycle. An intimate, soul-baring tale that sheds much-needed light on one of the least understood and talked about addictions, *Insatiable* is the story of one womans journey through the hellish, the humiliating, and the humbling in her single-minded pursuit of the most addictive drug of all: love.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
