

Kids Book: Geese in School (Kids Picture Book and Kids Book About Nature)

The class at Mrs. Arrays Kindergarten is excited when a mother goose decides to build her nest and lay her eggs in the school courtyard. Its so much fun to watch her get ready for her new family, and so exciting when the adorable baby goslings finally hatch. Theres just one problem: the mother goose can fly but her little ones arent old enough yet. How will they ever get out of the school courtyard? Kids Book: Geese in School(Kids Picture Book and Kids Book About Nature) is a delightful inspirational story for kids. A great kids book that can be read to those younger than 5, a read alone or with guidance book for kids age 5-8, or a read alone tale for kids 9-12. This kids book is beautifully illustrated and designed to captivate the imagination of every child enjoying it. A wonderful addition to any library, especially those collecting kids picture adventure books for the Kindle or picture books about nature. This kids book is appropriate for reading to children anytime including at bedtime.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
