

The Life of Saint Paul: Updated and Revised Edition

This updated and revised edition of Stalkers classic work, first published in 1884, has left the majority of the original material intact. The language and format was updated for modern readers, and the English Standard Version (ESV) has been used for a modern translation of scripture. Maps and timelines have been added to provide the most recent scholarly research. An updated bibliography and index of subjects is also provided to assist the user in accessing the material. A suitable resource intended for laypeople who want to know more about the apostle Paul, whether in seminary courses, college classrooms, homeschooling (grade 8 and up), church groups or personal study Mr. Stalker gives a masterly miniature and thousands will see more of Paul in it than in the life-sized portraits. Charles H. Spurgeon, Prince of Preachers. It is the best brief life of Paul of which I know. Wilbert W. White, D.D. It is remarkable for its originality of method, clearness of style, comprehensiveness of view and suggestiveness of matter. William M. Taylor, D.D. Should be in the hands of every student of Paul; it is brief, clear, and concise; it traces the growth of Pauls gospel, and reveals the mind and heart of the great Apostle to the Gentiles. Arthur G. Leacock. Dr. Stalker writes clearly because he sees clearly. . . . His book is a miracle of condensation, a miniature masterpiece. George Jackson, PhD.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende

tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
