

How To Be a Consultant (PTSOO Book 4)

A REVIEW OF GRANDPAS PTSOO REPORTS By P. Trevellian Have you ever pondered these important questions? Am I happy doing exactly what I'm doing? Am I living with the people I want to be with -- in the places I love most? Am I making all the money I need or want? Am I achieving all the goals I once set for myself? Do I have reasonable goals now -- and a plan and time-frame for achieving them? Ten years ago I was in dire financial straits. In fact I was technically bankrupt - as a result of a number of business failures. The end result was I lost my house, had no money, and was \$55,000 in debt. What I remember most about those dark days, was that each failure in turn generated another failure. It was as if I was in a downward spiral. It seemed there was no hope, no escape. Finally when I had no options left I stumbled upon a brilliant way out. The catalyst was reading the old original inspirational book PT by W.G. Hill. Later and more current versions of this book were titled Bye Bye Big Brother and PTSOO by Grandpa. The practical implementation -- exactly how to make a substantial invisible income without having a job was PTSOO. This is what we are offering you today. This reports, standing alone, gave me a different view of how I could live my life. The reason this reports so impressed me was that it revealed several things I didn't know were possible: 1. I could live and work in any country without paying income tax legally and without any permits, college degrees or local licenses. 2. I could escape the heavy hand of regulation/oppression by simply choosing a more hospitable jurisdiction than the country of my birth, becoming a P.T. This PTSOO idea grabbed me by the throat. I had been pondering on how I was ever going to escape my problems and pay off my debts: The harder I worked the more I was taxed and regulated. I was angry at the idea the

government could tax and punish me just for trying hard to be a good, productive person. How could simply accumulating and hiding assets abroad be a crime? With these ideas in my hands, and his specific suggestions in my mind, I suddenly found the motivation to get off my posterior and extricate myself from a mentally and financially depressed situation. In fact being exposed to PTSOO and the PT ideas was my tipping point. It ended my downward spiral and set me free on a new and happy path. What happened to me could be of equal importance to you. It could be your success story. I had long been a fan of self improvement books. I have an extensive library of such books to prove it! Thus, I knew the power of the mind and positive thinking. It is essential in the process of achieving what one wants in life. As soon as I experienced my PTSOO epiphany it created a clear goal in my mind - to sally forth on a new course in life; to, at a single step, free myself from the shackles of income tax, alimony, lawsuits and bureaucratic over-regulation. My new ideas took life and began attracting into my life all the right information, circumstances, opportunities and people. Within a couple of weeks I had landed a new job, teaching and consulting (tutoring) my students. That in itself turned my mind around to the positive. But it didn't stop there. Next, I had the idea of starting a business offering PT information with the co-operation and approval of Grandpa of course. Nobody else was doing it at the time. Now there are many imitators but few if any ever walked the (PT) walk as we did. And none of the promoters made their money by actually doing the stuff in the books & courses they were selling. From that seed of an idea grew my first publishing venture - a free international online newsletter, offshore banking introductions, and PT coaching. I became, like Grandpa, a PT author and consultant. You can find a similar path to financial and personal freedom. How? Read *The Portable Trades & Secret Offshore Opportunities Reports* by Grandpa.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
