

Quantum Physics of Consciousness

The Quantum Physics of the Mind, Explained. Table of Contents. 1. The Universe, Quantum Physics, and Consciousness. Subhash Kak, Head, Department of Computer Science, Oklahoma State University, Oklahoma. 2. Quantum Reality and Mind. Henry P. Stapp, Lawrence Berkeley Laboratory, University of California, Berkeley, California. 3. Cosmos and Quantum: Frontiers for the Future. Menas Kafatos, Schmid College of Science, Chapman University. 4. Neoclassical Cosmology and Menas Kafatos. Cosmos and Quantum: Frontiers for the Future. Theodore Walker Jr., Southern Methodist University, Perkins School of Theology, Dallas, Texas, USA. 5. Can Discoverability Help Us Understand Cosmology? Nicholas Beale, Director of Sciteb: One Heddon Street, London. 6. On Meaning, Consciousness and Quantum Physics. Yair Neuman, and Boaz Tamir, Office for Interdisciplinary Research Ben-Gurion University of the Negev; Israel Institute for Advanced Research Rehovot, Israel. 7. Quantum Reality and Evolution Theory. Lothar Schafer, Department of Chemistry and Biochemistry, University of Arkansas. 8. Four Perspectives on Consciousness. Varadaraja V. Raman, Rochester Institute of Technology, Rochester, NY. 9. Synchronicity, Quantum Information and the Psyche. Francois Martin, Ph.D., Federico Carminati, , Giuliana Galli Carminati, Laboratoire de Physique Theorique et Hautes Energies, Universities Paris. Department of Physics, CERN, Geneva, Switzerland. Department of Psychiatry, University Hospitals of Geneva, Switzerland. 10. Speculations about the Direct Effects of Intention on Physical Manifestation. Imants Baruss, Department of Psychology, Kings University College at The University of Western Ontario. 11. Consciousness and Quantum Measurement: New Empirical Data. York H. Dobyns, Department of

Electrical Engineering, Engineering Quadrangle, Princeton University, Princeton.12. Consciousness and Quantum Physics: A Deconstruction of the Topic Gordon I Globus, Professor Emeritus of Psychiatry and Philosophy, University of California.13. Logic of Quantum Mechanics and Phenomenon of Consciousness Michael B. Mensky, P.N. Lebedev Physical Institute, Russian Academy of Sciences, Moscow.14. A Quantum Physical Effect of Consciousness Shan Gao, Unit for HPS & Centre for Time, SOPHI, University of Sydney, Sydney, NSW 2006, Australia15. The Conscious Observer in the Quantum Experiment Fred Kuttner and Bruce Rosenblum, Physics Department, University of California, Santa Cruz. 16. Does Quantum Mechanics Require A Conscious Observer? Michael Nauenberg, Physics Dept. University of California Santa Cruz. 17. Consciousness Vectors Steven Bodovitz, BioPerspectives, San Francisco, CA. 18. Quantum Physics, Advanced Waves and Consciousness Antonella Vannini and Ulisse Di Corpo, Lungotevere degli Artigiani, Rome, Italy.19. The Quantum Hologram And the Nature of Consciousness Edgar D. Mitchell and Robert Staretz20. Quantum Physics and the Multiplicity of Mind: Split-Brains, Fragmented Minds, Dissociation, Quantum Consciousness. R. Joseph, Emeritus, Brain Research Laboratory, California. Twenty Conscious Raising Articles, 280 Mind Expanding Pages, from the Top Experts in the World, Peer Reviewed, and Originally Published in Journal of Cosmology.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende

tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
