

## Tales from the Mets Dugout

In over 45 years of existence, the New York Mets have experienced almost every phase of success and failure that can be encountered by a major league team. As a new National League franchise in the early 1960s, the overmatched Mets stumbled under the direction of Hall of Fame manager Casey Stengel, whose offbeat wit and personality made him the centerpiece of a talent-starved team. Despite the early struggles, the Miracle Mets unexpectedly came of age in 1969, bolstered by the arrival of franchise pitcher Tom Seaver and the on-field managerial brilliance of Gil Hodges. Four years later, another lovable Mets team returned to the World Series, giving rise to a new credo: Ya Gotta Believe. The mid-1970s resulted in a second wave of ineptitude, as the Mets struggled to compete with their cross-town rivals, the hated New York Yankees. Yet, after a frustrating period of rebuilding, a new sense of hope arrived in the '80s, when young talents like Darryl Strawberry and Dwight Gooden set the stage for a return to glory - and the unlikeliest of comebacks - during a memorable 1986 season. The Mets remained talented in the late '80s and early '90s, but found themselves in a new and unwanted role - as high-paid underachievers. Plodding through a series of controversies and confrontations, the Mets remained in abeyance until the turn of a new century. The year 2000 brought a World Series berth - and the first Subway Series match-up in the franchise's history. From the earliest days through the modern era, Tales from the New York Mets Dugout offers a wide range of stories that capture the many moods of an ever-changing franchise. Written by veteran baseball author Bruce Markusen, Tales from the New York Mets Dugout relives some of the favorite moments in Mets history while also telling an array of little-known stories about the players and personalities that

have comprised New York City's beloved National League franchise.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22\_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22\_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122\_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no

conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
