

The B2B PR Handbook: Create and Deliver a Successful PR Program

The goal of PR is to increase the brand awareness and brand equity of a company, to drive a demand for its services. If your company sells to businesses, or you work in a PR agency that promotes the services of a company to businesses, then The B2B PR Handbook will help you to create and deliver a successful PR program, to achieve this goal. The B2B PR Handbook gives you practical advice on how to plan, deliver, and measure a PR program, while offering guidance on how to manage a communication crisis, and integrate social media into your program. The success of a PR program depends on the quality of the spokespeople, so The B2B PR Handbook also gives advice on how to train spokespeople, build their profile in the media, and support them in their media activity. Without content to take to market, you don't have a PR program, which is why this handbook also provides tips on the approach you should take to writing content, and what you need to consider when producing content. Importantly, The B2B PR Handbook focuses on helping you to consider the time and budget you are investing in the PR program versus the gain you are achieving; and how you should be working with company stakeholders to ensure the PR program is aligned to, and supports the company's business objectives. The B2B PR Handbook will help business people who are: Starting out in the B2B PR industry B2B PR professionals, who want to pick up tips to improve their current PR program Are not PR experts, but have to manage PR as part of their responsibilities Business executives who are involved in B2B PR as a spokesperson, or are a company stakeholder.

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
