

## Yesterday I Played In The Rain (A Childrens Picture Book)

Get your gumboots out and join this loveable family of Ducks for a quacking good time in this delightful childrens picture book. Have you ever played in the rain? Have you ever felt the rain trickle down your face? One very cute family of ducks discovers that playing in the rain can be fun for all ages...if you're not afraid of getting wet, that is. Yesterday I Played in the Rain is ideal for parents and teachers looking for preschool books for 2-4 years. The book is used in many Australian schools for preschool prep and kindergarten. **BONUS:** Free activities available at [RobinAdolphs.com](http://RobinAdolphs.com)

**AUTHOR INTERVIEW:** Robin Adolphs

This is a lovely childrens picture book, how did you come up with the idea for the story? When I was Deputy Principal at my school, a young girl ran up to me and excitedly asked, Mrs A. guess what I did at the weekend? What did you do? I asked. Yesterday I played in the rain. It was the best thing I have ever done, she said. It was one of those moments! She loved it so much I knew one day I would write about playing in the rain. It's one of those simple but wonderful things to do. Why do you think Yesterday I Played in the Rain is a popular choice among preschool books for 2-4 years? The illustrations by Heather Dale are very cute and in my experience, young children find ducks very endearing. The theme is about a family having fun together playing in the rain. Children love the idea of this. The text is simple and repetitive which makes it a great book for beginning readers. It's an easy book to dramatize and children love to see their parents acting like ducks. Parents love it too. Do you think you'll write another illustrated childrens story about ducks? I haven't planned to but I've drafted out another book along the lines of Yesterday I Played In the Rain. It has to do with pigs and mud. Guess what that one will be called?

Agradable ruta realizada junto al Bilbao Alpino que parte desde la localidad alavesa de Guinea, en la vertiente Sur de la sierra de Arkamo y que discurre por las cimas de Olvedo, Pelistornes y Cantoblanco.

Desde Guinea el camino es muy evidente, ya que las dos primeras cimas están muy cerca y separadas por un pequeño collado. Su subida es corta y casi directa y está señalizada justo a la salida del pueblo.

Al Olvedo se llega relativamente rápido. A pesar de que las nubes a veces nos impiden apreciar las vistas, el paisaje se intuye precioso.

2017-01-22\_10-36-17

Para pasar del Olvedo al Pelistornes tan sólo tenemos que cruzar el collado y llegaremos en apenas 10 minutos a nuestra segunda cima del día.

2017-01-22\_10-53-02

Una vez coronadas las cimas anteriores hay que continuar la travesía en dirección a la al Cantoblanco, que se asciende tras un durillo cortafuegos.

20170122\_123405

Desde la cima tenemos justo en frente el Montemayor, máxima altura de la vecina sierra de Arkamo.2017-01-22\_13-00-09

Finalmente, iniciamos el descenso hacia la curiosa localidad de Salinas de Añana...

20170122\_142807

...donde podremos completar la ruta con una visita a las propias Salinas.

20170122\_142812

Una ruta de unos 15 kilómetros sin dificultades reseñables. Únicamente se hace necesaria logística de vehículos. De no tener esta facilidad entonces es mejor realizar únicamente la subida al Olvedo y Pelistornes.

Los Retos de 2017

Publicado el 01/24/2017 por 12meses12montes

Bueno, un nuevo año que ha pasado y uno nuevo que acaba de comenzar. 2016 fue un año muy intenso, si bien los retos que nos marcamos en un principio sólo se vieron cumplidos en una tercera parte. No fue un buen año para ellos, ésta vez la alineación de planetas se generó en pocas ocasiones.

Sin embargo, no decaemos. Cogemos el testigo y no vamos a desistir en su intento, por lo que los retos que no conseguimos cumplir en 2016 serán los que tratemos de realizar en 2017, más algunos otros, a ver qué os parecen. Seguir leyendo
